P2 Equipment Photographs and Drawings
Preproduction Initiative - NELP

Created May 5, 1997

Equipment Vendors

The equipment described in the Pollution Prevention (P2) Equipment Book were procured under previously established contracts. The information presented is not intended as an endorsement of any single vendor's product. Vendors listed under Preproduction Initiative-NELP were selected for one-time prototype studies to determine the ability of a "type of equipment" to meet the Navy's P2 needs. Vendors listed under a competitive initiative won competitive procurement contracts to supply their make/model of equipment to the Navy. Subsequent contracts will be recompeted and may or may not result in the selection of the same vendor.

Health and Safety

This document contains information about pollution prevention technologies. Some of the equipment described can be hazardous if not installed and used properly. Before purchasing this equipment, it is strongly recommended that you consult your local Health & Safety Office and Environmental Office to determine equipment compatibility with your intended application and local safety and environmental restrictions.

Table of Contents

Preproduction Initiative-NELP:

55-Gallon Drum Crusher <1> <2>
Arresting Gear Cable Automatic Lubricator <1> <2>
Aqueous Parts Washer (Large) <1> <2>
Aqueous Parts Washer (Small)
Aviation Fuel Recycler
Can Crusher/Baler
Drum Conditioner
Glycol Recycler, 18 Gallons <1> <2>
High-Pressure Water Jet System
Hydraulic Purifier (Hydraulics International, Inc.)
Hydraulic Purifier (PALL Aeropower Corp.) <1> <2>
Infrared Camera Leak Detector
Isopropyl Alcohol/Cyclohexane Vapor Degreaser
Low-Emissions Diesel (A/M27T-5)
Low-Emissions Diesel (A/M32C-17)
Low-Emissions Diesel (NC-10C)
Oil Recycler
Paint Gun Washer
Particle Contamination Monitor
Particle Counter <1> <2>
Portable Lead Analyzer
Radar Liquid Coolant Recycling System
Shredder/Chipper Unit
Sodium Bicarbonate Blasting System (4' X 4')
Sodium Bicarbonate Blasting System (Walk-In)
Vacuum-Assisted Solvent Cleaner <1> <2>
Vacuum Sanding System
Walk-In Multimedia Blasting Booth <1> <2>
Water Jet Blasting Booth Coating Removal System
Water Lead Analyzer

Ram Flat Compactor Model 559C
S&G Enterprises, Inc.
